

About Scosh

After more than 20 years as a professional Hollywood makeup artist and a licensed aesthetician, Kathy Krakora realized just how true the saying is that, *"girls just want to have fun!"* In 2006, she decided the time was right and opened Scosh Makeup and Skincare Studio in Scottsdale, Arizona. A fun, friendly atmosphere for affordable makeup and skincare services that leave the skin glowing and the heart happy, it's the perfect place for girls to have fun!

Scosh Makeup and Skincare Studio boasts the Valley's only private studio dedicated to makeup workshops. Known as Scosh School, this one-of-a-kind education experience is devoted to all things makeup. Kathy demonstrates and guides participants through easy-to-use application methods as they practice on themselves using the newest Scosh colors, makeup and brushes. It's an ideal girls' day out destination for resort guests, private parties, birthday and bridal parties, any occasion.

Scosh studio offers an array of high-quality, customized facial services including 30-minute express facials and microdermabrasion treatments. Kathy takes a progressive rather than an aggressive approach to skincare that focuses on skin health; thus revealing beautiful, glowing skin.

Scosh Express Facials are designed to provide maximum results in a minimal amount of time – ideal for those looking to squeeze in a little “me time”. These results-oriented treatments are formulated to refresh, repair and replenish while targeting fine lines, dehydration, sun damage, and problematic skin.

Ultimately, Scosh makeup and skincare products were born from the realization that cosmetics and skincare should work synergistically to deliver stunning results. Scosh skincare infuses the skin with beneficial levels of antioxidants, vitamins, and skin calming and healing ingredients to beautifully soften, refine, and protect. As a complement to its skincare products and services, Scosh mineral makeup delivers a healthy, flawless finish. Simple, effective and complete.

And you only need...a Scosh!

Scosh Trade-up Program[®] goes green! Admit it... we all have jars and bottles of makeup and skincare in our cosmetic bags, drawers and cabinets that we don't use but feel guilty about tossing out. Take those used, opened products to Kathy Krakora over at Scosh Makeup and Skincare and let her deal with the recycling. It doesn't matter what it is; drug store brand, department store brand, completely used jars and bottles. Kathy offers a program where you can "Trade-up" those unwanted, used jars for 50% off Scosh Makeup or Skincare products.
